TRAVELLER & ROMA COMMUNITY

► Networking Event for Frontline Workers: Traveller and Roma Community

On Tuesday 28 April, a networking event targeting frontline workers with the Traveller and Roma communities took place in Kilcannon Garden Centre, Enniscorthy. This event was organised by the Traveller / Roma Task Group of Wexford CYPSC.

The work of CYPSC is centred on relationship building and the acknowledgement that by working together we can improve the lives of children and young people. Several projects work in Co. Wexford to support the Traveller and Roma communities. It was recognised that providing an opportunity for networking and relationship building would be very useful in this space and would ultimately result in the provision of improved services.

The event was very well attended and resulted in the following outcomes;

1. **Stronger Working Relationships** : Attendees developed new and strengthened existing professional relationships across Roma and Traveller community services.

2. **Clearer Opportunities for Collaboration** : Attendees developed a great understanding of each other's roles and identified clearer opportunities to collaborate in future.
3. **Showcasing of Good Practice** : Participants highlighted and shared examples of effective Roma and Traveller Community Work currently taking place.
4. **Improved Communication and Information Sharing** : Contact details and service information were exchanged, supporting ongoing communication and collaboration beyond the event.

The Traveller / Roma Task Group will reflect on the event and decide on future steps.

Event facilitators Debbie O'Rourke (ARC FRC) and Kieran Donohoe (FDYS)

SAFETY ALERT FOR PARENTS

► Cult targeting vulnerable teenagers

The **764 Network** is a decentralized, international network of predators that uses psychological warfare and extreme coercion to target minors. **An Garda Síochána** and **Europol** have designated this group and its umbrella network, "**The Com**," as a high-priority threat in Ireland, specifically noting its rapid growth in 2025 and 2026.

1. Infiltration & Recruitment Tactics

Members often pose as peers or support figures to build a "bond" with children before escalating to abuse.

- **Gaming Infiltration:** They use chat features in **Roblox**, **Minecraft**, and **Fortnite** to make initial contact with victims as young as seven.
- **Discord** servers or **Telegram** groups containing extreme content.
- **The "Lorebook" System:** Violent acts or images of self-harm are shared in digital "lorebooks" to gain social clout within the network.

2. Extremist & Occultist Overlap

The network often adopts "Accelerationist" ideologies, meaning they aim to trigger societal collapse through chaos.

- **Associated Groups:** You may see references to related splinter groups like **CVLT**, **NLM** (No Lives Matter), **H3ll**, or **MKU** (Maniac Murder Cult).
- **Symbols:** Watch for imagery related to the **Order of Nine Angles (O9A)**, such as the "Septenary" star or the "Baphomet" figure, which are frequently used to signal allegiance.

3. Recent Legal Actions & Ireland's Response

In early 2026, Irish authorities significantly increased their focus on these groups due to a rise in reported cases.

- **Irish Casualties:** In 2025, An Garda Síochána identified and safeguarded **16 children in Ireland** who were victims of high-level online harm, some directly linked to these sadistic networks.
- **European Arrests:** High-profile leaders of 764 and its sub-groups were arrested in **April 2025** and **2026** in countries including Greece, Germany, and the UK.
- **Enforcement:** In March 2026, Gardaí issued their **first removal order** under EU terrorist content regulations to force a social media company to take down content related to these extremist networks.

4. Critical Warning Signs for Parents

Authorities highlight several "red flags" that a child is being groomed by 764-affiliated groups:

- **Physical: "Cutsigning"** (carving numbers like 764 or names into the skin) or wearing long sleeves to hide such marks.
- **Behavioral:** Sudden, unexplained interest in **Nazism**, school shootings, or ritualistic animal cruelty.
- **Digital:** Possession of multiple accounts or encrypted apps (Signal/Telegram) that they are highly secretive about.

Important Resources in Ireland

- **Report:** Submit anonymous reports of illegal content to [Hotline.ie](https://www.hotline.ie/).
- **Advice:** Visit the [Webwise Parents Hub](#) for technical guides on securing Discord and gaming platforms.
- **Immediate Help:** Contact the **Garda National Protective Services Bureau** or call the Child Sexual Abuse Helpline at **1800 555 222**.

► The National Conversation on Education: the First Five Years And School-Age Childcare- Consultations with City and County Childcare Committees

The **National Conversation on Education** is a massive, cross-departmental initiative aimed at redefining Ireland's education system for the next generation. Beyond the immediate local meetings, here is the broader context of the project:

1. The Consultation Structure

The conversation follows a five-stage process to capture diverse viewpoints across Ireland:

- **Stage 1 & 2:** National surveys of the public and representative households (completed March 2026).
- **Stage 3:** Direct consultation with children and young people.
- **Stage 4:** The current local and online events (20–30 April 2026) hosted by **City and County Childcare Committees**.
- **Stage 5:** The **Shaping the Future National Forum** in June 2026.

2. Strategic Impact (Early Years & Childcare)

Feedback from the "First Five Years" sessions specifically informs two major government plans led by the **Department of Children, Disability, and Equality**:

- **Early Years Action Plan (Phase 2):** This will outline reforms for **2027–2029**, building on Phase 1 actions like the [Nurturing Skills Learner Fund](#) and new NCS income thresholds.

- **First 5 Successor Strategy:** Shaping the next decade of support for babies and young children (2029 and beyond).

3. The Convention on Education

The outcomes of this nationwide conversation will set the agenda for a **150-person Convention on Education**, chaired by Professor Anne Looney.

- **Meetings:** The Convention meets over four weekends in **May, September, and November 2026**.
- **Representation:** Members include children, parents, educators, and education stakeholders.
- **Core Themes:** Participants will tackle long-term issues like **AI in the economy**, student wellbeing, inclusion of additional needs, and the transition from early years to secondary school.

4. Practical Takeaways for Participants

- **Accessibility:** All services will be required to publish their **admissions policies** starting in 2026.
- **Affordability Target:** The long-term goal is to reduce parental fees to a **maximum of €200 per month**.
- **Registration:** For upcoming local sessions, you can find your county's specific booking link on the gov.ie/LetsTalkEarlyYears portal.

SCHOOL TRANSPORT APPLICATIONS 2026/27

► Update from REALT

Urgent Notice: School Transport Changes 2026/2027

Please share this information urgently across your networks. Uptake for the upcoming school year is worryingly low, and families risk being without transport this September if they do not act now.

Deadline: 8 May 2026

The school bus portal will close on May 8th to process applications. Any applications made after it reopens in July will be treated as late, with no guarantee of a seat.

Key Changes & Requirements:

- **No Longer Automatic:** Applications for families in IPAS or Ukrainian accommodation are no longer managed by REALT. All families must now apply manually via the [Bus Éireann portal](#).
- **Costs:** Fees are **€100 per child**, with a maximum family charge of **€220**.
- **Medical Card Waivers:** If your child meets the distance criteria (see below) and you have a **valid medical card**, you are exempt from fees but **must still apply** by the deadline.
- **Distance Criteria:**
 - **Primary:** Must live over 3.2km from their nearest school.
 - **Post-Primary:** Must live over 4.8km from their nearest school.
- **Nearest School Rule:** If a child attends a school further away because the nearest school was full, the system may label them "concessionary" (requiring payment). In these cases, contact **REALT** to request an "eligible" status change so medical card details can be used.
-

Important Note:

Applying and paying does not guarantee a ticket. If no space or route is available, refunds will be issued (likely in August/September). Please check your accommodation centre for posters featuring the **QR application code**

FUNDING INITIATIVE

► Community Centre Investment Fund 2026 – Funding Opportunity

The Department of Rural and Community Development and the Gaeltacht has launched the **Community Centre Investment Fund 2026**, which aims to support the enhancement and development of community centre facilities across the country.

This fund provides an important opportunity for organisations to invest in the improvement, refurbishment, and long-term sustainability of community spaces that play a vital role in supporting children, young people, families, and wider communities.

Full details of the fund, including eligibility criteria, funding categories, and application processes, are available at the following link:

<https://www.gov.ie/en/department-of-rural-and-community-development-and-the-gaeltacht/news/community-centre-investment-fund-2026/>

I would encourage all organisations to review the guidance carefully and consider whether there are opportunities to apply, particularly where proposals can strengthen service delivery, accessibility, and community engagement.

► Great Island Power Station Community Fund Now Open for Applications

The SSE Thermal Great Island Community Fund is now open for applications.

Through this fund, SSE Thermal makes €25,000 available each year to support community and charitable projects local to our Great Island Power Station, and the wider Great Island area.

We are also very pleased to confirm that we've adapted the fund application process, with grant award guidelines being raised from €2000 per application to between €4000 and €6000. This change will enable us to support higher impact local projects.

You can find the fund guidance document, the application portal and full details at: [Great Island Community Fund | SSE Thermal](#)

Please note **the deadline for applications is 5pm on Tuesday 9th June 2026.**

You can also read more about the impact of our wider community support initiatives in our [2024/2025 Community Investment Fund Report](#).

Separately, we would like to note that Great Island Power Station will enter a planned outage period in early May, expected to last approximately 3-4 weeks, as part of routine operations.

We would be delighted also to **welcome you to Great Island Power Station for a site visit** at some point in the coming months, and to discuss with you SSE's activities in your constituency and our support for local communities.

We look forward to continuing to support the fantastic work taking place across the Great Island community.
